

2024 SENW Summer Regional Championships

Consideration Times - Long Course Times

Times for the Swim England North West Summer Regional Championships have been generated using the Swimming Results Event Rankings taking recorded times within the North West Region achieved within the qualifying window. Therefore in some events, qualifications for younger age groups may be quicker than those of older age groups in the same event.

Please note:

These are **consideration times** NOT qualification times – whilst we endeavour to facilitate all swimmers, rejections may be necessary due to licensing restrictions and session time constraints. (A rationale will be provided if required).

Qualifying Window is from 20th April 2023 and the closing date for entries.

Consideration times below are calculated using 'Long Course (50m) times' – however converted short course (25m) times will be permitted.
