

## **WARRIORS of WARRINGTON SWIMMING CLUB Club Championships 2019 Age Group Results**

The positions for the age groups are calculated using FINA points (except for novices). The FINA points system is based on current world record times for all races of 50m and above with world records worth 1000 points. The FINA short course (25m) points used are automatically calculated by the meet management software that club uses to run our galas.

The best FINA points for the results in each entry categories are added together to obtain the total. Please note it is not necessarily the FINA points for all races swam.

### **10 years and under (Maximum of 5 events, 4 count towards total)**

50m + IM + 200 form + 200m freestyle

### **11 years (Maximum of 6 events, 5 count towards total)**

50m + 100m + IM + 200m form + 200m or 400m freestyle

### **11 years and over (Maximum of 7 events, 5 count towards total)**

50m + 100m + IM + 200m form + 200m or 400m freestyle

### **Novices**

There are no FINA points for 25m races so points are given for the first 6 places in each of the 4 races and then added for the total.

### **Disability**

Disability points are calculated using the British Para-Swimming Points System 2018.

Please note the squads indicated are from when swimmers entered for the club championships and may not be current.
