

# **WARRIORS of WARRINGTON SWIMMING CLUB**

## **Club Championships 2019 Age Group Results**

The positions for the Age Group Results are calculated using FINA points for short course events (except for novices). The FINA points system is based on current world record times for all races of 50m and above with current world records worth 1000 points.

The best FINA points for the results in each entry categories are added together to obtain the total. Please note it is not necessarily the FINA points for all races swam. For example, if a swimmer competes in two 50m events, only the larger FINA points is counted towards the total points; the same is also the case if a swimmer competes in two 100m events.

### **10 years and under (Maximum of 5 events, 4 count towards total)**

50m + IM + 200 form + 200m freestyle

### **11 years (Maximum of 6 events, 5 count towards total)**

50m + 100m + IM + 200m form + 200m or 400m freestyle

### **12 years and over (Maximum of 7 events, 5 count towards total)**

50m + 100m + IM + 200m form + 200m or 400m freestyle

### **Novices**

There are no FINA points for 25m races so points are given for the first 6 places in each of the 4 races and then added for the total.

### **Disability**

Disability points are calculated using the British Para-Swimming Points System 2019.

Please note the squads indicated are from when swimmers entered for the club championships and may not be current.
