## EVENTS – heats and finals

50m events in all strokes with open and junior finals followed by skins for the open event. The first round of the skins will feature an open final with 8 swimmers, reducing to 6, 4, 3, 2 and a winner. Men's and women's skins events will be alternated each evening. Rules for the skins event are detailed on the event website.

100m and 200m events in all strokes and 200m IM will be swum with open, B and junior finals.

The fastest 16 swimmers from the 100m and 200m heats in each event, irrespective of age, will be allocated places in the open and B finals. The next fastest 8 swimmers from the junior entrants will be allocated places in the junior final.

400m IM and freestyle will be swum as heats and finals for open and junior swimmers. There will be no B final in the open event.

800m and 1500m freestyle events are HDW. Fastest heat will be swum in the finals session.

## MULTI CLASSIFICATION EVENTS

Selected events have a separate qualifying standard for swimmers with a recognised classification (WPS, BS, BBS, UKSA, or INAS-FID) which must be held on the Scottish Swimming, British Swimming or WPS Database/Masterlist at time of entry. Swimmers must have achieved the qualifying standard or consideration time for their class in each MC event in an accredited meet in 2019, which must be verifiable. Please submit a proof of times report with entries.

The MC events will be integrated into the heats, seeded by absolute time. MC swimmers can compete in the Open, B or junior finals, where appropriate, based on time. **There will be no separate MC finals.**

## QUALIFICATION AND CONSIDERATION TIMES – SEE APPENDIX 1 AND APPENDIX 2.

Do not submit times slower than the times shown in Appendices 1 and 2. We will not offer refunds for any entries where the times submitted are outwith the consideration times. The organisers reserve the right to make cuts to ensure a balanced programme and the smooth running of the meet. Where this rule is invoked, swimmers with the fastest times will take precedence over those in the same category. Events where restrictions are applied will be selected by SASA East District.

QT = Qualification Time. Any swimmer with a QT for a given stroke/event is **guaranteed** to be swimming in the meet for that event. For all distances from 50m up to 400m they will swim in the morning session. At least 1 heat for the 1500m and 800m events will take place in the morning session. The fastest 8 entries in each of these events will swim in the final session. CTs = Consideration Time. These allow those slower than the QTs to enter but prevent too many from entering. They do not guarantee a swim. If too many people enter the event on any given day and we cannot accommodate everyone within a reasonable session length, we will reject the slowest entries, based on time, across the different events that day. This is done proportionately so the slowest swimmers in each event and in both the open and junior categories will be unable to swim. ie we do not only rule out junior swimmers, nor would we rule out swimmers in longer distance events in favour of those doing the shorter distances.
